

## Honoring your investment

Thank you for creating the **Cancer Healing Center at Legacy Salmon Creek Medical Center!** Your investment in this renovation project has enhanced our ability to provide compassionate, responsive care for cancer patients.

### Transforming cancer care in one healing environment

Your generous support of our cancer services helped build a welcoming, soothing environment. Your gifts transformed services for patients of our Breast Health Center, Infusion Clinic, Radiology Clinic, and Gynecology and Radiation Oncology Clinics, creating a healing space for a wide variety of patients experiencing a cancer diagnosis.

### The new Cancer Healing Center includes:

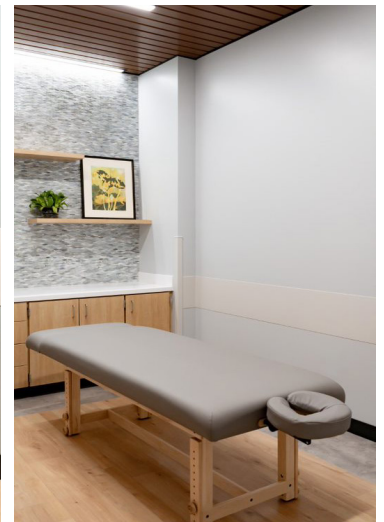

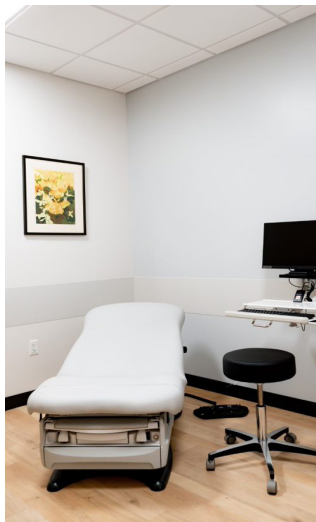

- A self-service lobby
- Three patient consult rooms
- Holistic Therapy Room for massage and acupuncture
- An exam room
- Staff offices
- Community Room for yoga, art therapy and group gatherings

**The Holistic Therapy Room** will serve multiple purposes to aid individuals in their healing journey, allowing us to provide yoga, art therapy, meditation, music therapy, spiritual care, and other crucial healing services. Paired with our personalized navigation, genetic counseling, comprehensive screening and treatment, this new center will embody our commitment to healing by empowering us to treat mind, body and spirit – ***all under one roof.***

When you walk in the Cancer Healing Center, you will notice the natural light flooding through the space, art made by local artists and patients, and our warm and caring staff. What you won't see right away are all the **innovations in cancer care that stand ready to help our patients.**

At Legacy Salmon Creek, we are committed to providing world-class care in Southwest Washington, and our medical expertise, paired with our holistic integrative medicine services, is dedicated to helping individuals thrive throughout their healing journey. With over **one million dollars** in philanthropic gifts, donors like you have helped make each and every healing journey possible.

**Thank you for being a champion for our patients.  
By transforming the Cancer Healing Center, you are transforming lives.**
